Name of Project:	Rapid Market Assessment for Skills Development Program
Year:	2017
Location:	Kratie, Steung Treng, and Preah Vihear province
Client:	Swisscontact Cambodia, Cambodian Rural Development Team (CRDT) Sambodhi Co., Ltd.
Main Project Features:	This labor market assessment was conducted as part of the Skills Development Programme (SDP), phase-1 commissioned by Swiss Contact. Its primary purpose is to bridge the employment gap and generate equal employment opportunities for underprivileged rura men and women as well as to raise the income to a decent high through skills development It aims at interrelating components of training and apprenticeship for skills development with policy building for a sustainable and inclusive Technical Vocation Education and Training (TVET) system in the country.
Position Held:	Consultant
Activities Performed:	Design the evaluation methodology, joint the team to develop questionnaire, train enumerators, lead field work, conduct key informant interview (gov't departments), manage data entry, analysis data and provide input in report writing led by Sambodhi Co., Ltd.
Name of Project:	Commercial Horticulture Program of Cambodia HARVEST
Year:	2016
Location:	Provinces around Tonle Sap Lake, Cambodia
Client:	Cambodia HARVEST, USAID Cambodia, and Michigan State University
Main Project Features:	Cambodia HARVEST (Helping Address Rural Vulnerabilities and Ecosystem STability) is a five-year integrated food security and climate change program supported by the American people through the United States Feed the Future and Global Climate Change initiatives. The program was launched in December 2010 and concluded in June 2016. The Commercial Horticulture project of Cambodia HARVEST focused on innovative technologies and solutions to increase farm productivity and income. The objectives of this evaluation were to assess the economic impact of project intervention on participant households, and to analyze differential impacts of the project on different treatment groups (demonstration clients and participant farmers) in knowledge, attitude and behavior change regarding Commercial Horticulture technologies.
Position Held:	Consultant

Activities Performed:	Design the evaluation methodology, sampling, design questionnaires, recruit and train enumerator, manage field data collection, design data entry template, manage data entry, data manipulation and analysis, and contribute to report writing led by Michigan State University Team
Name of Project:	Qualitative evaluation of the Family Nutrition Education program,
Year:	2016
Location:	Provinces around Tonle Sap Lake, Cambodia
Client:	Cambodia HARVEST, USAID Cambodia, and Michigan State University
Main Project Features:	Caring practices for improved child nutrition are an important concern for the USAID-funded Helping Address Rural Vulnerabilities and Ecosystem Stability (HARVEST) project in Cambodia. HARVEST, part of the USAID Feed the Future program, aims to increase the incomes and improve food security and nutrition for 70,000 households living in the provinces of Pursat, Battambang, Siem Reap and Kampong Thom. The key efforts to achieve these objectives include the development of agricultural value chains in rice, horticulture, and fish; efforts to strengthen the links between agricultural production and nutrition; and support for sustainable natural resource management and climate change adaptation.
Position Held:	Consultant
Activities Performed:	Conduct initial assessment for tool development, pilot tools and make revision, conduct in- depth interview with mother of children under 5 yo, transcript interview records, organize data in the display form adapted method by (Miles, Huberman, and Saldaña 2015), and contribute to report writing led by professor from the Michigan State University.
Name of Project:	Impact Evaluation and Strengthening Local Capacity within Cambodia
Year:	2015
Location:	Phnom Penh
Client:	USAID Cambodia
Main Project Features:	Michigan State University received funding from the Feed the Future Initiative of the USAID/Cambodia for a four years program (2012-2016) to Implement Impact evaluation and Strengthening Local Capacity to Monitor and Evaluate Food Security Programs. Participants of the project are mid-career agriculture, food security and nutrition professionals from multi-agency including government line ministry, local and international NGOs, university, and research firm. The training course is a year-round A-Z evaluation involved lectures and evaluation case study assignment where 2 or 3 participants form a group to evaluate a project.
Position Held:	Project Coordinator
Activities Performed:	Joint develop the course outline and share facilitates the contents of Program Evaluation Short Course such as evaluation methodologies, sampling and sample selection, data collection methods, development of evaluation proposal, train statistical application mainly SPSS to participants – descriptive and inferential statistical data analysis, technical advice to mid-career participants on evaluation methodologies e.g. pre & post-test design, double different method, quasi-experimental design, sampling, instrument development, and field work management.
Name of Project:	BASELINE SURVEY FOR CAMBODIA SUSTAINABLE BUSINESS DEVELOPMENT PROJECT (CSBD)
Year:	2015
Location:	9 provinces consist of Kampong Chhnang, Battambang, Siem Reap, Kampong Thom, Preah Vihear, Kandal, Takeo, Phnom Penh, and Kampong Speu

Client:	World Vision International-Cambodia
Main Project Features:	The Agriculture Cooperative Sustainable Community Economic Development (ACSCED) project was implemented for three years from 2012-2014 and was a pilot project; the logframe was submitted to support office, so no baseline value was provided within the project indicators. After a year of implementing the activities, the project implementers worked with a freelance consultant to conduct a baseline survey in order to provide baseline indicators for the project logframe. As a result of this work, some indicator values were completed but a few indicators still had no baseline values because new indicators were proposed and/or some indicators were unmeasurable. Finally, an end of project evaluation was undertaken on the completion of the first project cycle at the end of September 2014.
Position Held:	DME Officer
Activities Performed:	Develop methodology, sampling, develop questionnaire, train enumerator, manage field data collection, quality control, and inputting to report writing led by another team member.
Name of Project:	Social Protection (SP) Research
Year:	
	2015
Location:	Kampong Cham, Siem Reap, and Rotanakiri province
Client:	Plan International
Main Project Features:	The study investigate across two dimensions. The first dimension involves a thorough comparative evaluation of at least 3 child- and youth-centered social protection schemes operating in Cambodia to identify i) opportunities for replication, ii) potential for scaling, iii) lessons for improvement, and iv) prospects for new initiatives. The second dimension seek to identify gaps in its current SP-related activities, opportunities for new engagement, and strategic guidance for increasing the role of SP in Plan Cambodia's programming. This was undertaken through extensive field-level research with beneficiaries, non-beneficiaries (as a comparison), field staff, and other community stakeholders.
Position Held:	Research Associate
Activities Performed:	Assist Expert from Global Development Partner (GDP) conduct the qualitative research on Social Protection for the consortium CARE, Oxfam America, and Plan International.
Name of Project:	Study on Impact of 2011 Cambodia Floods on Household Debt – Savings-led Microfinance project
Year:	2011
Location:	Kandal, Prey Veng, and Kampong Thom
Client:	Saving-led Microfinance Consortium NGO – CARE Cambodia, Plan International, Oxfam America, Catholic Relieve Services, and Pact Cambodia
Main Project Features:	The 2011 floods affected 18 of Cambodia's 24 provinces, caused many human deaths, killed livestock and damaged houses, infrastructure and thousands of hectares of rice field. Many households are potentially at risk from defaulting on loans taken out prior to the flood. This consultancy closely examined the impact of the floods on individual household financial circumstances.
Position Held:	Research Associate
Activities Performed:	Technical inputting in research design, review questionnaire, train enumerator, manage field data collection, and quality control.
Name of Project:	Civil Society and Pro-Poor Market (CSPPM)
Year:	2011
Location:	Kampot and Kampong Som province
	· · · · · ·
Client:	Asia Foundation and CARE Cambodia
Main Project Features:	Pro-poor market, see aquaculture raising, CBO forest conservation

Position Held:	Research Associate			
Activities Performed:	Train enumerator, Lead field data collection, conduct focus group discussion, data manipulation and analysis
