EXPERIENCE

Blockchain

I have been started involving blockchain technology via bitcoin mining rig with GPU and CPU since 2013. Around 2017 year, I self studied altcoins and Ethereum about consensus via the white paper. I was instructed to research Ethereum, other coins and other tokens about consensus for projects implementation during The Green Corporation employment. Besides that, I gained experience on crypto trading during Covid19 2020 year via Luno and Binance. After here, I started venturing on web3 and NFT ecosystem until current.

TRAINING

UMP - MAISHINCE ACADEMY

Oct 2021 - current

I have appointed as trainer for UMP (Maishince Academy) under Professional Diploma in Blockchain Technology to give hands on experiences on technical knowledges since Oct 2021.

MSU - BLOCKWORQ

Jun 2022 - current

I have appointed as trainer for MSU (Blockworq) under Professional Diploma in Blockchain Technology to give hands on experiences on technical knowledges since Jun 2022.

WORKSHOP

Web3

I conducted Web3 3 days workshop which is an educational event designed to teach participants about web3 technologies, which are a set of protocols and tools that enable the development of decentralized applications (dApps) and blockchain-based solutions.

Professional

I'm a highly experienced and knowledgeable trainer with over 3 years of experience in the field. They have a proven track record of delivering effective training programs across a range of industries and sectors. I'm an expert in information technology development, and has a deep understanding of the latest trends, technologies, and best practices in this area. They have worked with clients ranging from small businesses to large corporations, and have a reputation for delivering high-quality, engaging training programs that deliver results. As a trainer, I am known for their ability to connect with learners, inspire and motivate them, and create an environment that fosters learning and growth. They use a range of teaching methods, tools, and techniques to ensure that learners are fully engaged and retain what they learn. I has a passion for learning and professional development, and is committed to staying up-to-date with the latest research and trends in their field. They are also an excellent communicator, and are able to present complex ideas and concepts in a clear and understandable way. Overall, I am a highly skilled and experienced trainer who is dedicated to helping individuals and organisations achieve their full potential through effective training and development programs, especially hands on programming development.

Community
