C. Working Experience

Current Position (since 2019)

Japanese Trainer (HRDcorp accredited trainer)

Currently I am teaching Japanese as freelancer in Renesas Semiconductor Malaysia and Renesas Semiconductor Kedah.

I will start teaching Japanese as part time Japanese teacher in Japan Foundation KL from Sept onwards.

I also have experienced teaching technical Japanese in DISTED College, Penang.

I lived in Japan from 1999-2014. I am not only teaching Japanese speaking, writing and reading skill, but also introduce Japanese culture to students.

Field Application Engineer, Feb 2006 - May 2009

Magma Design Automation, Japan

- Was working in Electronic Design Automation(EDA) field as Field Application Engineer, responsible for software of Place & Route and sign-off project in Static Timing Analysis
- Provide technical support of the software for Japanese customers
- Provide workaround to customers when the software's bug was found
- Guide customers in using the software
- Strong communication with customers to understand their needs and fulfill their demand
- Quickly response to customers for their problems and provide them clear explanation
- Strong communication with R&D in USA to make sure customer needs are well-understood and provide enough information to R&D for problem fix
- Communicate with internal Field Application Engineers to exchange latest information
- Provide technical training (using Magma tool) to customers
- Present new functions to customers

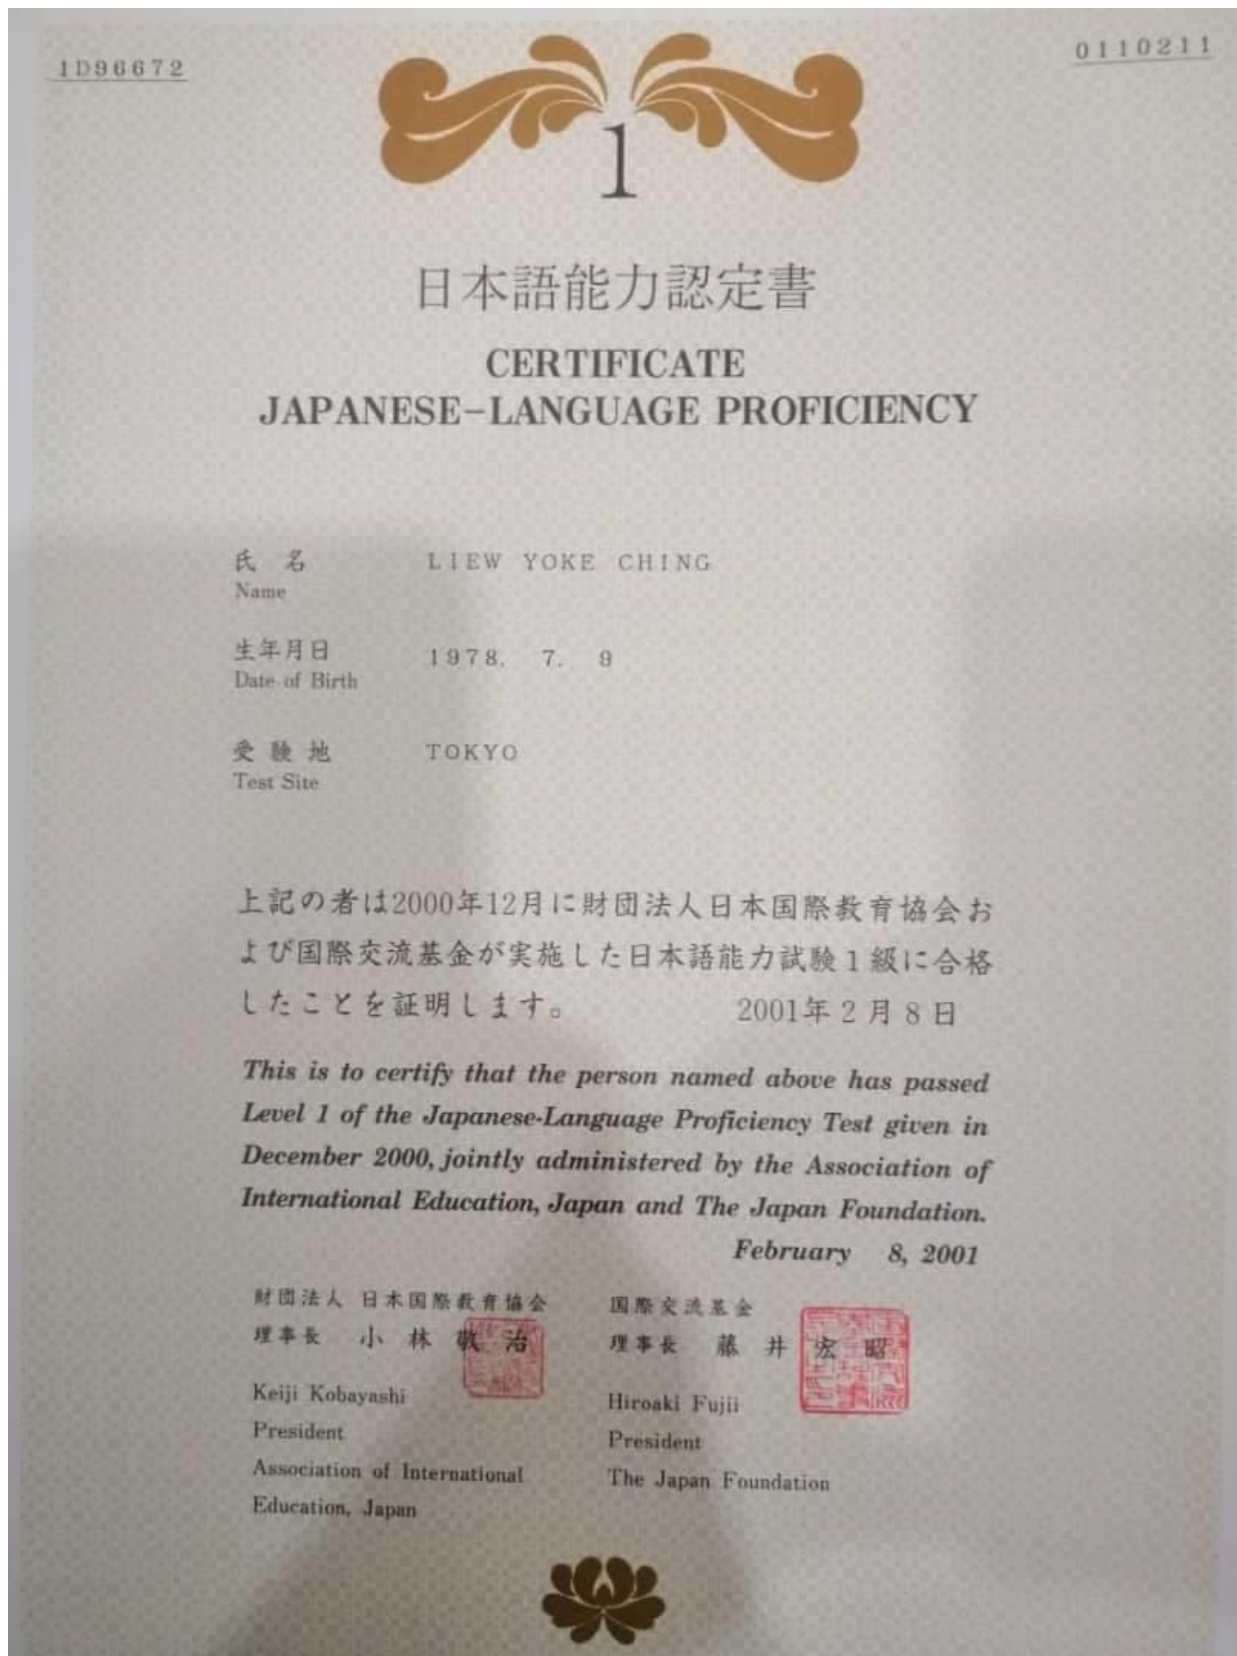

Product Engineer, Apr 2004 – Jan 2006

Freescale Semiconductor Japan, Japan

I was responsible for trouble shooting and quality improvement for microprocessor, mainly 16bits microprocessor.

D. Skill & Certificate

- Japanese Language Proficiency Test Level 1
- Speak Mandarin, English, Malay, Cantonese and Japanese (lived in Japan from April 1999 till Nov 2014)
- HRD Corp accredited Trainer in Japanese
