Nafi Al Kautsar Putrawan

Jakarta, Indonesia, +6282124799229, nafi.al@alumni.ui.ac.id

PROFILE	I have experience in researching, developing, and implementing Retrieval-Augmented Generation (RAG) solutions and AI prompting strategies to address organizational needs in collaboration with stakeholders. My deep understanding of emerging market trends enables me to stay ahead of industry developments and provide valuable insights. My expertise spans AI-driven technology development, business analysis, and policy research, with hands-on experience across various industries. I have successfully worked with both Fortune 500 companies				
	and startups, contributing to innovation
